Dear Motor Carrier:

On May 19, 1988, a revised Part 390 of the Federal Motor Carrier Safety Regulations was published in the Federal Register (53 FR 18042). The regulation is effective November 15, 1988.

This letter is to draw your attention to one of the provisions of this revised regulation. That is the requirement for Marking of Motor Vehicles (49 CFR 390.21). A copy of this provision is enclosed. The primary purpose of this provision is to assist in properly identifying motor carriers, thereby assuring the submission of accurate data to the Federal Highway Administration (FHWA).

If you are operating as a private motor carrier of property in interstate commerce or as an interstate carrier of migrant workers, this new regulation requires you to mark all of your "self-propelled motor vehicles" (generally straight trucks and truck tractors) in accordance with the enclosed provision.

The following U. S. DOT Identification Number is assigned to the carrier shown above:

USDOT159365

This letter is being sent to every known motor carrier in the FHWA records. There has been no attempt to differentiate among private, migrant worker, for-hire, or other types of carriers because many carriers conduct operations in a combination of these classifications. If you have any question about compliance with sec. 390.21, please contact the office shown below:

## CERTIFICATION OF NON-SEGREGATED FACILITIES

Each Bidder is required to file a fully executed Certificate of Non-Segregated Facilities once a year.

## CERTIFICATION OF NON-SEGREGATED FACILITIES

The Bidder certifies that he does not maintain or provide for his employees any segregated facilities at any of his establishments, and that he does not permit his employees to perform their services at any location, under his control, where segregated facilities are maintained. The Bidder certifies further that he will not maintain or provide for his employees any segregated facilities at any of his establishments and that he will not permit his employees to perform their services at any location under his control where segregated facilities are maintained. The Bidder agrees that a breach of this certification will be a violation of the Equal Opportunity clause in any contract resulting from acceptance of this bid. As used in this certification, the term "segregated facilities" means any waiting room, work area, restrooms and washrooms, restaurant or dressing areas, parking lots, drinking fountains, recreation or entertainment areas, transportation and housing facilities provided for employees which are segregated by explicit directive or are in fact segregated on the basis of race, color, religion, or national origin, because of habit, local custom, or otherwise. The Bidder agrees that (except where the Bidder has obtained identical certification from proposed subcontractors for specific time periods) he will obtain identical certification from proposed subcontractors prior to the award of subcontracts exceeding \$10,000 which are not exempt from the provisions of the Equal Opportunity clause and that he will retain such certifications in his files.

NOTE: THE PENALTY FOR MAKING FALSE STATEMENTS IN OFFERS IS PRESCRIBED IN 18 U.S.C. 1001.
